

THE HORIZON.
IT'S CLOSER THAN
EVER BEFORE.

 **FLIPPER**

www.flippermarin.se

The horizon hides undiscovered secrets. Everything is possible. Perhaps you want to conquer one more island. And one more bay. Dive off the deck into the tranquil sea. Chase another of the archipelago's amazingly colourful sunsets. You've arrived. This is the adventure that will take you beyond the everyday.

The sea has been essential to man's evolution. You can still feel it, in the way you delight in the salty surf as well as the open sea. When it's time to relax, staying ashore is not an option.

The best moments just happen, when the conditions are right. Load up your boat and set forth. Focus on living the life for which you were born.

You can find the best things in life when you know where to look.

CREATE THE BEST
MEMORIES OF
YOUR LIFE

DC

760 DC

Life is meant to be enjoyed.
Ideally on a grand scale with the
people who matter the most.

760 DC

True beauty evokes respect and strong emotions. Beyond beauty, the Flipper 760 DC is also about raw power and agile movement. It is smartly designed for enjoying sunny days in a small or larger party.

LENGTH **7,58** BEAM **2,54** POWER RANGE **200-350 hp** (147-257 kW) BERTHS **2+1** PERSONS **7**

670 DC

You will always remember your adventures on the Flipper 670 DC. But first you have to create the experiences. You are the captain of your memories. Start the engine. Untie the ropes.

LENGTH **6,66** BEAM **2,48** POWER RANGE **135–250 hp** (99–184 kW) BERTHS **2+1** PERSONS **7**

640 DC

A perfect combination of sporty handling and shared relaxation. The Flipper 640 DC was designed for just that. To inspire experiences that many can only dream of.

LENGTH **6,25** BEAM **2,46** POWER RANGE **115-200 hp** (85-147 kW) BERTHS **2+1** PERSONS **7**

600 DC

Boats are designed for the sea. And so is the smallest in our range, the 600 DC. This full-blooded day cruiser tames the waves just like its big brothers. The fiery sports boat's open layout is spacious enough for a larger group, too. It's your perfect package for summer fun.

LENGTH **6,05** BEAM **2,22** POWER RANGE **80-150 hp** (59-110 kW) BERTHS **2+1** PERSONS **6**

EXPEDITIONS AND
EXTRAORDINARY
MOMENTS

ST

880 ST

Only you can create the setting
for moments that are never
washed away.

880 ST

Perfect moments need a perfect backdrop. You can sense the uniqueness of the Flipper 880 ST from the moment you step on board. Our flagship model combines power, dexterity and incredible comfort.

LENGTH **8,52** BEAM **3,15** POWER RANGE **300-600 hp (224-441 kW)** BERTHS **4+1** PERSONS **10**

880 ST

There are some things that simply take your breath away. The 880 ST is one of them. A product designed with passion, it exudes quality in every minute detail. Because anything less is just not good enough.

Flipper Marin

670 ST

The 670 ST opens your eyes to new possibilities. The longer the journey, the more you'll feel at home. And if you dare, for the stern you can choose a dizzying 250 hp.

LENGTH **6,66** BEAM **2,48** POWER RANGE **135–250 hp** (99–184 kW) BERTHS **2+1** PERSONS **7**

640ST

Long-distance boat travel is a lifestyle, for which the 640 ST delivers everything you could desire. On top of this, it has the sporty yet precise handling features familiar from the DC series, guaranteeing speed, security and unforgettable moments from the minute you step on board.

LENGTH **6,25** BEAM **2,46** POWER RANGE **115-200 hp** (85-147 kW) BERTHS **2+1** PERSONS **7**

600ST

The Flipper 600 ST is an award-winning compact boat, which is safe and comfortable in more challenging conditions, too.

LENGTH **6,05** BEAM **2,22** POWER RANGE **80-150 hp** (59-110 kW) BERTHS **2+1** PERSONS **6**

THE ABILITY TO
FOCUS ON THE
ESSENTIAL

SC

640 SC

The multifaceted Flipper 640 SC is ideal for those who appreciate high quality details. It's a unique product of love and respect for the sea and boat travel. Welcome on board.

LENGTH **6,25** BEAM **2,46** POWER RANGE **115-200 hp** (85-147 kW) PERSONS **7**

600 SC

The cornerstone of Flipper's design philosophy, abundant open space, is also evident in the 600 SC. The smallest model in our range, it still has plenty of seating room for a larger party, too. In fine weather you can extend the bow of the boat into a relaxing sundeck.

LENGTH **6,05** BEAM **2,22** POWER RANGE **80-150 hp** (59-110 kW) PERSONS **6**

Made for demanding conditions

Flippers are made for the sea. Unique and individual with a contemporary design, their every detail has been meticulously planned. The sleek exterior exudes power, belying what's under the surface. These boats are created for perfect driving pleasure.

The principal goal in designing the new Flipper range was to enable even better boat travel experiences. We focused on the essential, on making boat travel enjoyable to every passenger from the very start. Our passion and love for boating combined with unyielding determination helped us discover new, unforeseen solutions. The unique result sets a new standard for motorboating.

In 2011 we launched the Flipper 670 DC, a product of thousands of hours of design, research and testing. It was the blueprint for the new range and would serve as a comparison for everything to come. We brought several innovations to the market, including the vacuum laminated reinforced hull. It enables unrivalled handling, sporty yet precise and secure, as well as more space onboard for enjoying the ride.

Such a unique package requires high quality finishing, too. Smart and thoughtfully planned details, carefully chosen accessories and durable materials. These are our building blocks for a range of boats, which have brought the horizon closer than ever before.

The new downward curving stern and the beautiful, meticulously thought out details make Flipper a distinctive head turner.

The Flipper DC and ST series are the perfect boats for weekends away, too.

The Flipper dashboard was created with clarity and usability in mind. With the right details in place, boat travel is both safe and carefree. You can focus on enjoying yourself.

The many carefully designed storage solutions ensure that larger parties can travel in comfort, too. In fact, you're likely to have everything you need within immediate reach. The canopy can be conveniently folded behind the back seat, providing more space for seating and an easy access to the swim platform.

If your boat could choose.

For years, Flipper has cooperated with Mercury to give you the best possible driving experience. We believe we have succeeded.

Mercury represents the pinnacle of outboard engine development. We share their enthusiasm and desire to make boat travel carefree and enjoyable, while keeping costs at a minimum. Mercury engines are lightweight, powerful and fast reacting, but also quiet. They have been designed to be economical, to give you more for less. If your boat could choose, it would choose Mercury.

FlipperMarin

Verado

The supercharged engine delivers tremendous hole shot, unrivaled mid-range punch and excellent top speed.

The Verado in-line six-cylinder engine is designed to run smoother, while the Advanced Maid Section (AMS) with perimeter mounts eliminates practically all engine vibrations.

Mercury outboards offer the best corrosion protection in the industry – regardless of water conditions.

The SmartCraft DTS System delivers full control, instant throttle, response and smooth shifting. It keeps you in charge – in all conditions.

The integrated oil cooler maintains optimal oil temperature to extend the life of the engine.

FourStroke

Maintenance-free valve train and easy access to all filters make service fast and easy.

The 115 HP FourStroke is the lightest outboard in its league. The engine weighs 20 pounds less than its closest four-stroke competitor.

The newly designed gearcase produces 15% less hydrodynamic drag making the engine even more efficient.

The cowl is lightweight, compact and thermo-bonded in order to keep noise inside. The engine's idle is so smooth and quiet that it can barely be heard.

Mercury's quiet and smoothrunning next-generation FourStrokes let you enjoy the nature without overpowering it.

Model range

In the Flipper range you'll find boats for big and small adventures alike.
